INTRODUCING SELUX

ALR is thrilled to announce our new partnership with Selux. Smart Lighting by Selux follows the principle that rather than being an end in itself, technology is closely connected to life and the needs, expectations, and potential of human beings.

Bollards

STERNBERG

USONIA

- Height ranges from 24"-48"
- Symmetric or asymmetric optic
- Delivers up to 1200 lumens
- Specify glare reducing SoftVue lens for optimal visual comfort
- Optional fixed dimming resistor board with 10-step selector switch

SELUX

VAZ

- Height ranges from 18-42"
 - 42" bollard has SteelCore option for added safety
- Static white or amber LED delivers up to 1500 lumens
- Excellent performance - 20' OC spacing
- Aluminum, stone, or porcelain
- Ribbed or smooth exterior
- Painted, faux wood, or stone finish
- DarkSky Approved
- Declare

STRUCTURA MAC

- Accoya wood finish offers 50+ year service life
- Available in 32" and 42" height
- Concealed anchor bolt base and mounting hardware
- Type III or Type IV optic distribution

BEGA

DUO

- Direct burial pathway low-voltage bollard
- Shielded light source delivers just over 200 lumens
- BEGA Unidure Black, Bronze, Silver, and plus BEGA Standard White finish options
- Remote driver

BK

LIGHTSTICK

ADJUSTIBLE

- Low voltage pathway light with adjustable stem up to 18"H
- 3W LED delivers 36lm
- BK standard and premium finishes

INTENSE

V-RAIL LINEAR

- 7W; up to 500 delivered lumens
- 13°, 16°, 23°, and 31° optics
- Up to 24° vertical aiming with adjustable optical bracket
- Tamper-resistant, stainless steel hardware
- Modular design supports easy upgrades

Area & Site

STERNBERG

USONIA

- Timeless style available in two scales, plus complementary sconce and bollard
- Field replaceable LED module
- Optional SoftVue lens provides optimal visual comfort
- Type II, III, IV, or V optics
- NightSky friendly with 0 uplight rating

STERNBERG

RYZE

- Tapered form with modern profile
- U0 BUG rating
- Clear acrylic or SoftView lens
- 2700K, 3000K, or 4000K
- Available in wall, arm, post-top, stem, and catenary mounting
- Optional decorative panel
- Type II, III, IV, and V distributions
- 0-10V or DALI dimming

LUMCA

LIO

- Contemporary arm-mount style offered in three scales
- Delivers up to 15,000 lumens
- Type I, II, III, IV, and V optics
- Static white CCT range from 1800-4000K
- Optional integral occupancy sensor

BEGA

MONTPELLIER

- Pole top luminaire from BEGA BOOM Collection
- Symmetric or asymmetric optic
- Delivers up to 3600 lumens
- 2700K and 3000K models are DarkSky approved

Light Columns & Modular Poles

STRUCTURA MODE

- Pole with rotatable modular mounting system
- Pole heights up to 20'
- Fixtures and accessories mount to pole from bolt pattern machined in section mounting panels

STRUCTURA

ELM COLUMN

- White or color changing options
- T-slot for accessory and fixture mounting
- GFCI options
- Base cover and buried base options

STERNBERG SMARTCITY

- Security, engagement, and energy management
- Integrated solutions for cameras, audio solutions, RGBA notification, speakers, and digital signage

HESSAMERICA

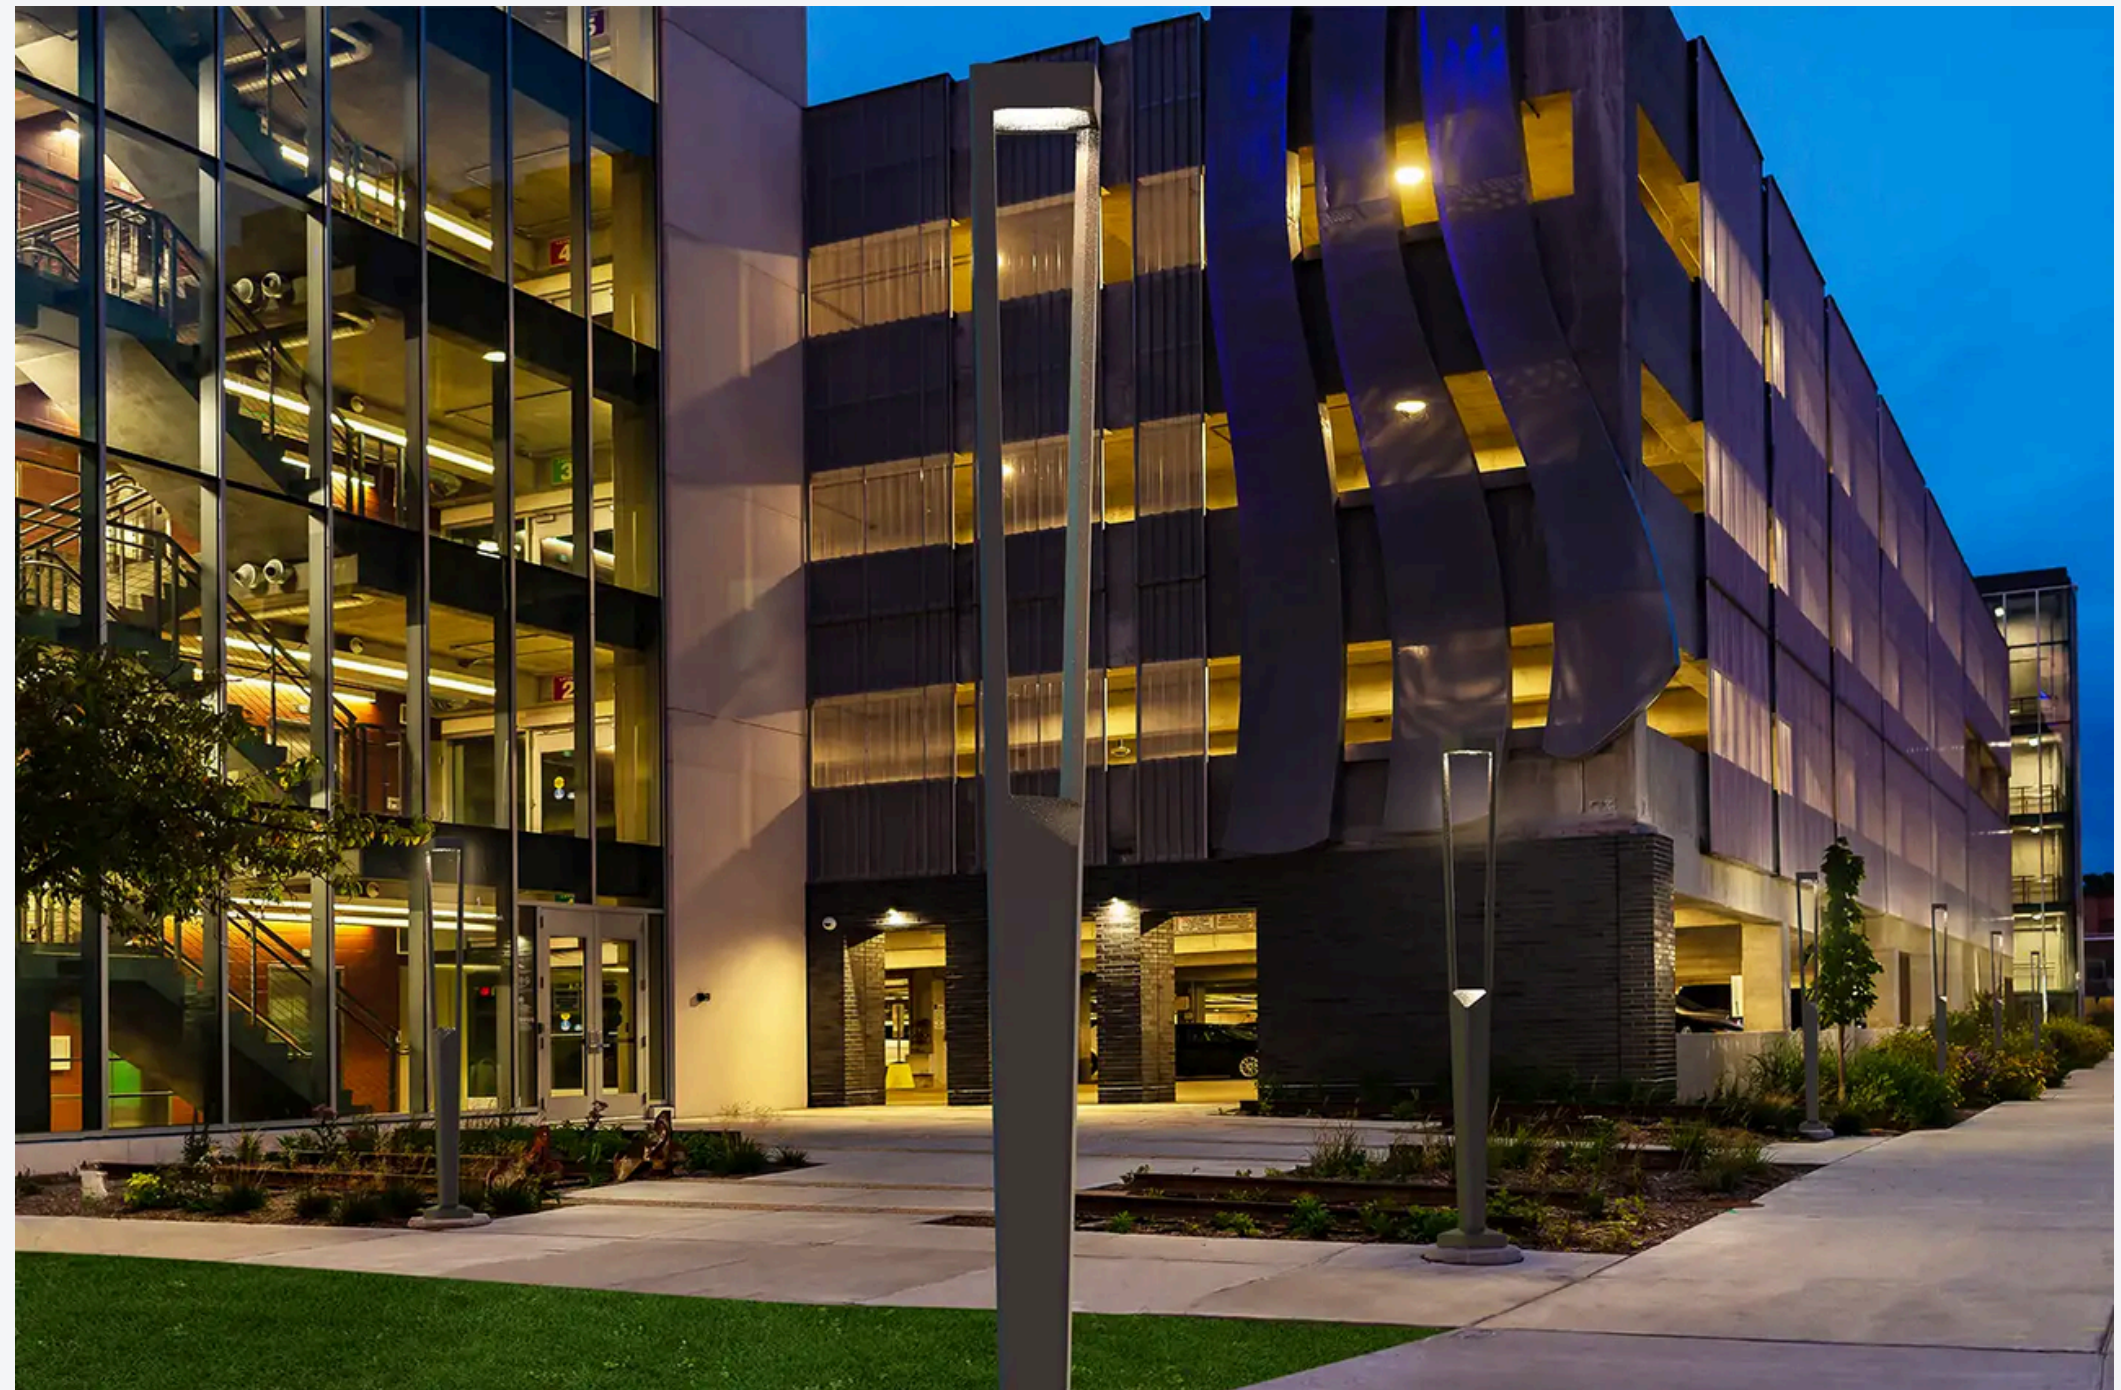

SHADOWLIGHTS

- Available with preset spotlights and with fixed lighting configuration or with customizable configurations
- Offers understated aesthetic during the day and impressive effect after dark

STERNBERG RYZE COLUMN

- Laminated wood crafted exclusively from Scots Pine tree heartwood
- Nine optional finish stains complemented by Bega's classic paint finishes

**Recessed Wall,
Steplight, Ingrade**

HK

ZLG1A 1"

- Drive-over, walk-over rated
- 12V, remote driver
- 1.7W module delivers 150 lumens
- Installs vertically or horizontally
- Machined from corrosion resistant brass
- 360° rotation adjustment after installation

LUMINII

SENSO TRIDENT

- IP68 and IK10 linear profile
- Frosted or clear lens
- Dynamic color or static white
- Static white delivers up to 488 lm/ft
- Available with adjustable as fixed

AURORALIGHT

MERIDIAN 2"

- Petite path light with integrated driver
- Sealed backbone
- 8W/500 delivered lumens
- Indirect LED array with wide or forward throw optic
- DMX control with RDM
- 80 or 90+ CRI
- 2700K, 3000K, 3500K, 4000K

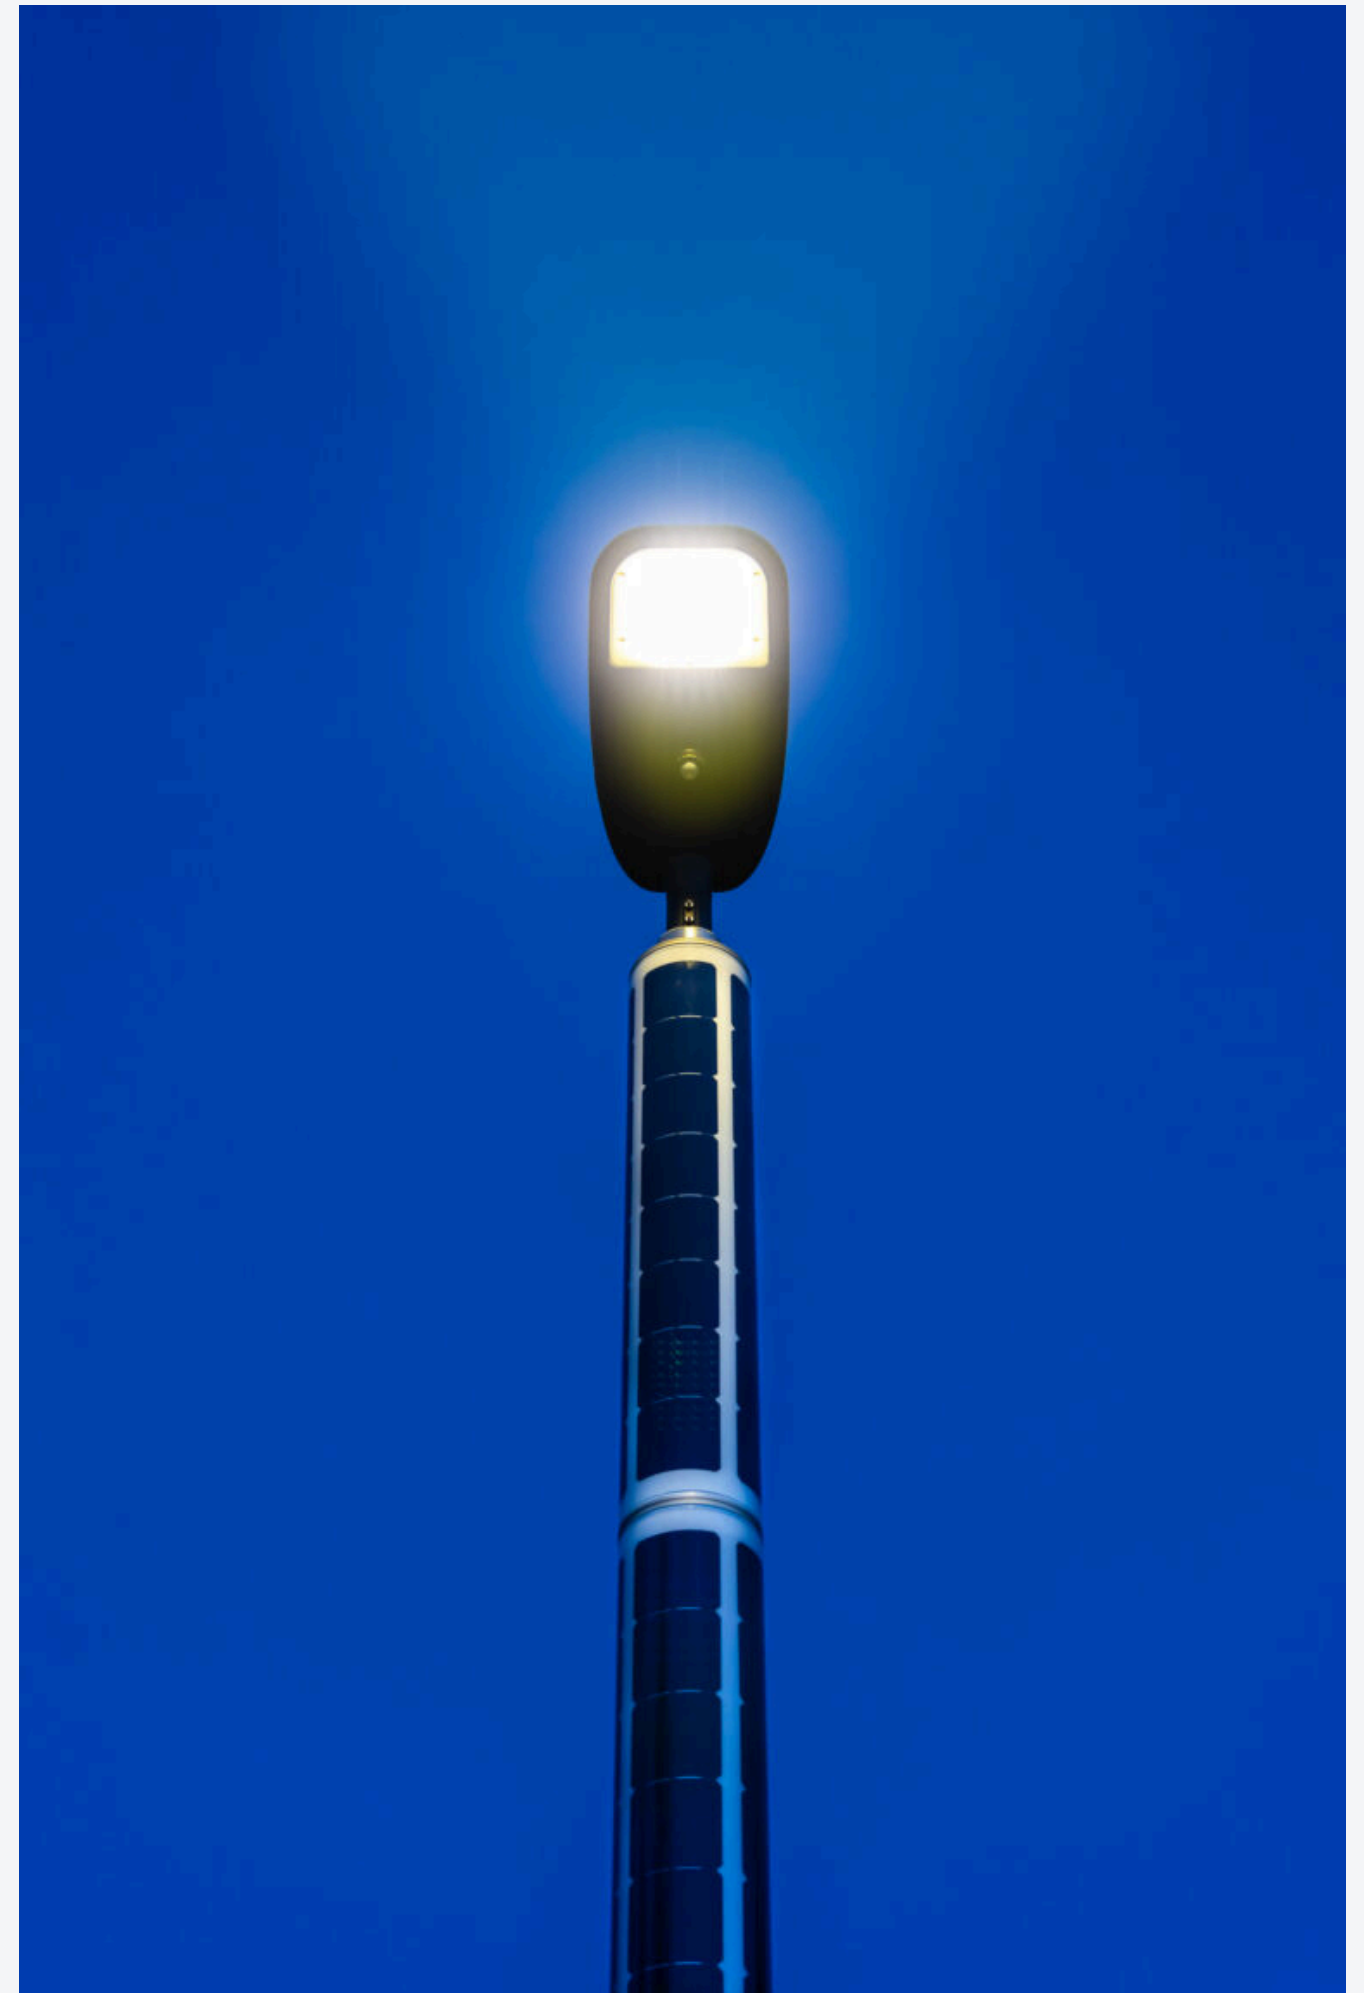

Solar & Charging Solutions

HAPCO

SOLAR POLE

- Specializing in public outdoor lighting using grid-free solar technologies
- Integrated solution includes pole, luminaire, and solar panel
- Leadsun solar panel can be provided with decorative fixtures from other manufacturers

GARDCO

SOLARSCAPE

- Integrated solution includes battery, charger and solar panel built into the luminaire
- Option for integral occupancy sensor
- Optional dimming profiles offer maximum flexibility

LEADSUN

SOLAR

- Specializing in public outdoor lighting using grid-free solar technologies
- Integrated solution includes pole, luminaire, and solar panel
- Leadsun solar panel can be provided with decorative fixtures from other manufacturers

STRUCTURA

ZORA SOLAR BOLLARD

- Solar powered bollard family with complementary line-voltage solutions
- Ideal for wayfinding
- Anchorbolt or screw-in foundation installation

CHARGEPOINT

EV CHARGING

- Industry leading equipment and robust network of public EV charging stations
- Diverse product provide solutions for four business models
- Mobile app features include
 - EV charging session management
 - Ability to locate EV charging stations in your area
 - Save your favorite places to charge
 - 24/7 customer support
